### CLUB SERVICES

#### VOLUNTEERS AVAILABLE AND NEEDED

We offer assistance to new and improving machine knitters. If you would like to volunteer as a Knitting Buddy, please let us know, and we can pair learners with buddies, geographically if possible. If you need assistance, please email Lynda at [administrator@longbuckbymk.com](mailto:administrator@longbuckbymk.com) in the first instance.

#### EQUIPMENT HIRE

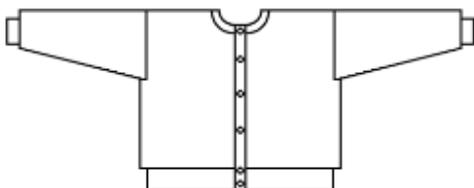

We have a comprehensive list of equipment available for loan, including full machines as well as accessories. See Margaret for details.

We are also setting up a free lending library, and would welcome donations of hardback machine knitting books for this purpose.

#### PATTERNS

In addition to patterns available in this newsletter and on our website, Lynda is also willing to make bespoke patterns via Knitware for members: these will be available as printouts or pdf files. Form attached for orders, or just let Lynda know the details.

# Gorgeous Glass Buttons

Monday 5th March or Monday 26th March

## PATTERNS AND PROJECTS

### ALEXA

This is a pair of sleeves knitted as one length, to a relaxed raglan pattern. You can then knit a border, or skirt, as long as you wish, round the edges.

**SIZES** [chest measurement in inches]: relaxed fit

30 32 34 36 38 40 42 44 46 48 50 52 54 56

**TENSION**: at T7 standard gauge, approx. 30 sts and 42 rows to 10cm/4 inches. I used plating to combine two two ply yarns, but you could use four ply, or anything which gives you this tension approximately.

**PUNCH CARD** Brother 2, Knitmaster 3, or any tuck pattern

### SLEEVES:

1. . Cast on 70/74/74/78/80/82/84/86/88/90/92/92/94/94 sts in WY, using TD7 and open edge method.RC000.

This is the midpoint, you have knitted one sleeve: you now need to knit the second from the top down.

First mark each end.

Then knit the second sleeve reversing shapings, i.e., where the pattern says 'decrease' you will increase, and vice versa.

You will then have a pair of joined sleeves, with the raglan shapings on the front edge of your cardigan, and the straight edge on the back.

## BODY

My cardigan body was knitted in three sections: one for the back, and two for the front. You may need to divide the back into two as well, depending on size.

## BACK

I knitted the back by holding the straight edge between the sleeves/armholes up to the machine, and I attached it on to 190 needles, with the front [knit] side facing. [Size 36] You may need to do this in two sections.

I knitted across these needles T5 and read the punch card pattern. I then set the card rolling, and the machine to tuck.

Then I knitted 40 rows T5, 40 rows T6, 40 rows T7, 40 rows T8, 40 rows T9, 20 rows T10. [220 rows]

I took this off on a circular HK needle, but you could use waste yarn, or finish with a loose cast off, or an edging.

This gives a mid-hip length. You can knit longer, I would keep a similar proportion on the different tensions.

## FRONT

I knitted this in two pieces: each had 100 stitches, and were knitted as for the back.

However, if you wish to make a longer back, I would suggest that you knit as for the back, but after 160 rows [or fewer if you prefer], you begin to put needles into hold at the centre front end as follows: 1 stitch every alternate row. This will prevent the collar become too big, and create a gradual curve round the front.

## FINISHING

Join the sleeve seams, and the seams between the body pieces.

Finish the edges and the sleeve hems: I used a garter stitch hand knit, but you could crochet or use a machine edge: an example of one you might use can be found in our first [newsletter](#) September 2015, the Alternative Edging for the Crescent shawl. Also in that newsletter was a project for a similar cardigan to this [so I have been adapting it for over three years!], with some alternative edges.

I made Dorset buttons to match my cardigan, and to hold the body in place at the front. Instructions can be found here: [Henry's Buttons](#)

## PATTERNS

### ONLINE:

[www.longbuckbymk.com](http://www.longbuckbymk.com) our own website has a few patterns on it!

[www.ravelry.com](http://www.ravelry.com) is a source of many patterns for hand and machine knitting, some free, many for a modest fee

<https://modernknittingpatterns.com/> Marianne Henio's website has lots of modern styles, which are relatively easy to knit, and at reasonable prices

<http://home-machine-knitting.co.uk/> Anne Lavene offers a different style of knitting, which is probably more challenging, but well worth a try! She offers a free pattern to get you started.

<http://metropolitanmachineknitting.co.uk/shop/books.html> Metropolitan offer a variety of patterns in their book department, including, for example, Iris Bishop's.

<http://www.needlesofsteel.org.uk/pattstobuy.html> also has lots of links to patterns

---

### AT OUR CLUB MEETINGS:

This year, our visiting speakers, Erica Thomson [www.ericaco.uk](http://www.ericaco.uk), and Sue Booth, offer patterns.

---

### SELF DESIGNED

You can use software: [if you want more information, ask me [Lynda] although I am not an expert in all this software, I can point you in the right direction!]

**Knitware** [now discontinued, but you can ask me about using it at club meetings, and also order a bespoke pattern]

**Sweatermaker** <http://www.seedlingsoftware.com/sweatermaker.htm> which costs \$39

**DesignaKnit** <https://www.softbyte.co.uk/designaknit.htm> starts at around £190 for the Machine Knitting program.

---

### USING CHARTING DEVICES

Probably a completely new topic, but you can use dressmaking patterns, existing knitwear and other clothing to create shapes on charting devices, which can then be knitted.

<http://web.archive.org/web/20110623131839/http://guagliumi.com/ChartingAttachment.pdf> Likewise, you can reverse engineer a chart to create a knitting pattern: you need to do a 'dry run' of your garment, following the chart, and take notes as you go, noting the number of stitches, increasing and decreasing etc. Possibly worth it, if you want to copy a favourite jumper and keep the pattern to use repeatedly.
